the bi-monthly campus news report

September

Trip cancelled

A proposed trip to "Worlds of Fun" in Kansas City has been at least temporarily canceled, according to former Student Activities Coordinator Laurie David, because of an apparent lack of interest on the part of DMACC students.

David says only about ten of the needed 40 people agreed to go on the excursion scheduled for July 26. The initial cost of the trip was \$10 bus fare, but total costs would approach the \$40 mark. Many students expressed an interest in the trip, but few were interested in paying the full amount, said David.

Student Senate election process under revision

Six constitutional amendments are being sent to the Student Senate for consideration by the Elections Committee in preparation for the October Senatorial Elections, according to committee chairperson Julie Rutz.

Among the proposed revisions for the election rules is an extension of the voting period from one day to five days in October. Ballot boxes will be open October 13 to October 17. In addition, voting places will be manned in the evening for night-time students who will be eligible to vote for the first time. Voting hours will be 11:00 a.m. to 1:00 p.m., 3:00-3:30 and 6:00-8:00.

The changes are being proposed, according to Rutz, "to benefit all the students and to give all the students the chance to vote." Part-time students will also be given the chance to vote for the first time.

The length of campaigning time for the candidates will also be extended, but only for one day. The results of the election are scheduled for release Oct. 20. The extended voting time will also allow committee members to count ballots each night, rather than all at once.

Another proposal would allow Career Education and Arts and Sciences students to vote at the same time, rather than on separate days as in the past.

The Student Senate is expected to vote on the measure in the near future, and Rutz expects approval.

The trip would have started Saturday, July 26, and the students would have returned the next day. After arriving in Kansas City, the students could have gone to "Worlds of Fun" or to several other events if they desired.

David said she was disappointed in the student response, but not discouraged. She added other similar trips may be tried later in the year.

Directors to be elected

Three directorates on the board of directors of Des Moines Community College will be filled at the September 9 school election.

Expiring are the terms of Harold Welin, Boone, District II; Rodney Carlson, Ankeny, District VI; and Rolland Grefe, 3000 Grand, Des Moines, District IX.

Welin is a founding member of the board and was first elected in 1966, the year the college was established.

He represents the following school districts: all of Boone, Central Dallas, Dallas, Madrid, Ogden, Perry, United Waukee, Grand, Woodward-Granger, Dexfield and Urbandale School Districts.

Dr. Carlson is completing his first term on the board.

His district includes all of the West Des Moines, Johnston and Ankeny School Districts; that portion of the Des Moines Independent Community School District lying in school voting precincts 9, 10, 11, 12, 13, 14, 15, 18 and 19, and that part of the city of Urbandale and the city of Windsor Heights that are in the Des Moines School District.

Grefe, a member of the board since 1966 and its president since 1969, is one of three Des Moines members on the board.

He represents that portion of the Des Moines Independent Community School District lying in school voting precincts, 57, 64 through 69, 72 through 89, and 91 through 95.

Basically District IX is bounded on the east by the Des Moines river and on the north by University Avenue. At Harding Road it drops south to Mac Vicar Freeway as far as 45th Street, and then down to Grand Ave., west on Grand to 56th, south on 56th to Walnut Creek where it forms a "v" to the Des Moines City limits (63rd St.). Sixty-third south to Watrous is the western boundary and it encircles the airport to the south city limits, back up S.E. 15th St. and east on Watrous to the river.

Directors are elected for three-year terms. Terms of office will begin October 6.

Tax levy on ballot

Continued growth of Des Moines Area Community College will be determined by voters in the district Sept. 9 as they cast ballots for or against continuation of the capital improvements tax levy.

The issue, which must go to the voters each five years, has been approved in two previous elections.

Voting will be district-wide. A simple overall majority will carry the issue. A "yes" vote, either by machine or paper ballot, will be a vote to continue the levy, according to Irv Steinberg, board secretary.

Previously known as the three-quarter mill levy for capital improvements, the levy this year is spelled out as not to exceed 20.25 cents per each thousand dollars of assessed valuation.

Although the wording is different, Steinberg says there is no change in the actual levy asked.

Superintendent Paul Lowery, who has headed the district since its founding in 1966, points out that campus development to this point has been financed primarily through the capital improvement levy.

During the nine years of operation, student enrollment at the community college has grown from 27 to 5,918, and the total now enrolled in some phase of education yearly within the district is approximately 40,000.

Full-time career education programs now number more than 50. There are 13 paraprofessional programs, and arts and sciences on a freshman-sophomore college level. Adult education, supplemental career education courses and high school vocational programs round out the community college educational offerings.

With student projections still "on target", Lowery predicts that by fall, 1982, enrollment will reach 8,000. Based upon this projection and a study of the labor market for skilled and paraprofessional workers, building needs for the future have been defined.

Continuation of the levy for another five years will insure ongoing progress in filling the educational needs of the district, concludes Lowery.

Marten honored by OECA

Dennis Marten, (right) chairman of the office education programs at DMACC, was awarded a life membership in the Iowa Office Education Coordinators Association at the state conference. Marten was on professional leave at the time of the conference, and the presentation of the plaque commemorating his honor was made by Superintendent Paul Lowery (center) and Barb Stennes (left) instructor. Marten was awarded the life membership in recognition of his work coordinating state Office Education Association contests for the past eight years. He is the second Iowan to achieve this status in the association.

Scholarships to DMACC graduate

John M. Bates, a 1975 graduate of DMACC's Industrial Marketing Program, will receive two scholarships based on his accomplishments at DMACC.

Bates will have an academic scholarship from Johnson & Wales College where he will enroll for the 1975 fall term. Bates also qualified for a scholarship from the Junior Collegiate Distributive Education Clubs of America (DECA). The DECA scholarship is awarded to a graduate of a two-year college to help the student with educational costs if he or she participated in DECA throughout college.

Bates attended several of the DECA conferences during the 1974-75 school year.

Bates is from Newton, Iowa.

Hurt playing softball

A DMACC student was taken to a Des Moines hospital Thursday, July 24, after dislocating his wrist in a freak intramural softball accident. Bob Carpenter, playing for the Live Wires, apparently dislocated the wrist while trying to field a ground ball. The Live Wires were defeated by the E.T. Softballers.

Following the injury, Carpenter was taken to Campus Nurse Peggy Rooney for

first aid. She sent him to an Ankeny clinic, who in turn sent him into Des Moines.

According to Dale Wagner, Director of Student Activities, softball players are not covered by insurance. Apparently the only college policy that pertains is the liability coverage. Wagner added this was the most serious intramural injury to this date.

"A LOAN?! ARE YOU OUT OF YOUR MIND? A LOAN HE SAYS!!"

Cure for heat: hire a burglar

Remember last issue when I was moaning about the Iowa heat and humidity? Well, I've found a cure. It's a burglary. How can a burglary cure the sleeplessness of Iowa's summer nights? It makes you lock all the doors and windows and buy, beg or borrow an air conditioner.

That's what happened to us, anyway. Oh, we didn't figure this out after the first burglary. It was only a small burglary, \$28. Just groceries for a week and a half. Sandi and I were going to diet anyway. It was the second burglary, three weeks later that really devastated us. It destroyed our sense of privacy. It destroyed our sense of alert self-protection. And sort of squashed any ideas about new clothes for fall.

We weren't hassled by the theft itself. It's easy enough to justify and even dignify theft in a society full of socio-economic oppression. It was the manner in which the thefts were executed that annihilated our minds. Both times we slept peacefully through the occupation of our abode by some money-hungry, light-footed personage.

M.G.

It's made us more cautious though, and as a result, cooler. It has become the ritual of the house to lock every door and window before turning on the air conditioner and retiring. The kids have even gotten in on the act. Jeff winds string around the heating pipes and door jambs to form the most intricate web any spider could weave for a sticky footed fly. So far he's only caught me, at 3 a.m. as I went to the bathroom.

Jerry leaves glasses of water sitting in the way because he says mom always hears if someone spills water, no matter how sound asleep she is. I tipped the glass over as I got tangled in the string.

If there is no place for you to beg, borrow or buy an air conditioner, you might steal one. It seems to be the big thing. Don't take ours, though, we had a heck of a time getting it installed.

A final solution for those of you who have no air conditioner and no desire to get one, but are still tired of not sleeping because of the heat. Start thinking about the burglar, you'll still be awake, but you'll be sweating from fear, not heat.

To the editor:

I would like to take this time to say thanks to our Veteran Administration here on campus.

It seems like I'm always getting over-paid or under-paid, and the only people I can turn to for help are the representatives here on campus. I know that I'm not the only one who is having this problem.

I'm sure they hear complaints just like mine everyday, and they are doing everything they can to take care of our problems, which is quite a job. I would like to say thanks for helping.

David Moore.

The Eclectic is published twice each month by the Board of Student Communications, Des Moines Area Community College, Ankeny, Iowa. The Eclectic is managed and edited by students. Opinions expressed are not necessarily those of the administration, programs, departments or of the majority of the students. The Eclectic office is located in Bldg. 24, Room 19A on the Ankeny Campus. Letters to the editor are encouraged. The Eclectic reserves the right to edit all materials submitted for publication.

Club puts \$200 in loan fund

Sally Fisher (right), immediate past president of the DMACC Women's Club presents a check to Leonard Bengtson (left), vice president for student life at DMACC, and Cindy Marquardt (center), acting director of financial aids at the college. The check of \$200 was given by the club to be used for student loans.

Campus day care open

A year-round day care program will be available from 7:30 a.m. to 4:30 p.m. and from 6:30 p.m. to 10 p.m.

Hours can be arranged according to the parents' schedule. Enrollment is being taken now, and there is a limit of 25 children that can be

cared for at any one time. Children from the age of 2 until the time they enter public school are eligible. Some school-age children will be accepted during the evening hours only.

The fee for all-day care is \$70 a month or \$18 paid week-

ly. Care by day is available for \$3.80 per day. These fees include noon lunch. The service is also available for 60 cents an hour, plus a lunch fee.

The Child Care and Development Disabilities Program also runs a pre-school. Enrollment for fall is already filled, but applications are still being taken in case of cancellation.

There are four pre-school sessions available. Children are placed in a morning or an afternoon session according to age. The children meet on Monday, Wednesday, and Friday or on Tuesday and Thursday.

The pre-school runs from September 29 through the end of May. The age of the children ranges from 2½ to 5 years. The fee is \$12 a month for the two-day sessions and \$16 a month for the three-day groups.

The child care facilities are located in Bldg. 6. For further information, call Judy Koepsell, campus extension 238, off-campus 964-6238.

Students construct putting green as training experience

Expansion of the Community Horticulture Program is manifesting itself in the form of a putting green east of the cafeteria, Bldg. 25. The putting green is the direct result of a new area of study available to students, that of golf green management.

Students working on the project designed and are doing the work in the construction of the putting green. They have to deal with the problems that arise in the construction.

Rusty Caldwell, program chairman of the Agriculture Business programs, said the increased demand for trained golf green managers made this course possible. Caldwell said the project was documented on film for use in instruction of later classes of green management students. He said the cost of the project, \$3500, makes it impractical to have each class work the project through from beginning to end, so the slides would be used to fill in the information these students are learning first-hand.

The next five years might see more of the greens constructed according to Caldwell.

"The primary intent of the putting green is to provide many training experiences in the construction of a golfing green to those students interested in green management. A side benefit would be to provide additional recreation to students and staff on campus," Caldwell stated.

Caldwell said the cost of the construction has been met with funds from the Horticulture Program. He said any donations from Student Senate or other groups would be welcomed to help pay for the initial investment and the maintenance.

Learning to maintain the course is an important part of the educational value of the green. Caldwell said the use of the green by members of the campus community will provide the "patronage" required to make the experiment as practical as possible. With the use of the course, by students and staff, the classes will be able to deal with ordinary problems that arise on the golf green such as fungi, and other diseases.

Students from the horticulture classes did the planning and labor on the green with the help of the diesel students. The heavy equipment used for excavation was operated by the students from the diesel department.

Varied appeal Campus clubs

Page 3

ACCOUNTANTS

Future Accountants of America is open to students in accounting or related business careers. The club is organized to assist members in the development of leadership ability through participation in civic, recreational, and social activities. Members of this club prepare income tax returns and take part in the Office Education Association conferences at both state and local levels. Further information can be obtained by contacting Peggy Moore in Bldg. 23, 2306, ext. 349;

SECRETARIAL

Members of the Office Education Association (O.E.A.) participate in contests at the state and national level demonstrating office skills they learn in conjunction with the club.

The club also sponsors guest speakers to help the members prepare for a career as secretarial and/or clerical office workers. O.E.A. also plans picnics and other recreational activities as a group.

ARTISTS

The Artery is the club for students if their interest is commercial art. It will prove good experience in the fields of art and leadership. The club hosts guest speakers and sponsors field trips, tuition scholarships and fund raising events.

Students interested should contact Dolores Johnson at Bldg. 24, Room 2420AB. Fees are \$3.00.

ALUMNI

The Alumni Association will elect officers at its next meeting, Thursday, September 18, at 7 p.m. in the Executive Dining Room located in Bldg. 25.

A nominating committee has been formed. Offices to be filled for the Executive Board positions are president, vice president, secretary, treasurer, and parliamentarian.

Presently enrolled students with at least 12 quarter credits, former students, and graduates are eligible for membership. A constitution was ratified at the last meeting held July 30.

BUSINESS

Distributive Education Clubs of America will be only one of the many organizations available to students this fall. The purpose is to prepare students for a business career.

Those interested should contact Mr. Shepard, advisor, in Bldg. 6, Room 605D. Fees will be \$10.00 for local, state, and national membership.

HORTICULTURE

If you are interested in plants, setting up displays, and overnight field trips, then you should enroll in Commercial Horticulture and join the Greenhouse Club. There is no fee.

For information contact Duane E. Anderson, Bldg. 7, Room 711.

Recreation: foosball to tennis

Both impromptu and organized recreational activities are encouraged through the Intramural Sports Program.

All students may check out equipment to use for on-campus informal recreation, participate in foosball, pool, and table tennis tournaments, or they may join one of the intramural sports leagues. Within each sport there are three leagues: men's, women's, and coed.

Sign-up sheets can be found on bulletin boards or at the Student Activities Office in Bldg. 3.

Special activities are: Fall Quarter, flag football; Winter Quarter, basketball and bowling; Spring Quarter, volleyball, softball, tennis, golf; Summer Quarter, softball, golf, tennis.

Equipment and events are funded through the student activity fee.

JOB CORNER

As a service to students, the Eclectic in cooperation with the Campus Placement Office will provide a listing of part-time job opportunities that have been received by the Placement Office.

For free job referral note the job number and contact Peggy Moore in the Placement Office, Bldg. 24, room 2420.

Job #	Job	Hours	Salary
1320	Computer Programmer	3-4 hours daily	\$7 per hour
1314	General Clerical	24-32/week	open
1312	Sales Person	evenings/one day on wkkd	\$2.10 to start
1311	Drafting	part-time	\$2.88/hour
1278	General Office Work	½ days	\$2.10/hour
1272	Cooks, Salad Makers, Cashiers	part-time thru wk, 8-5, 9-6 wknds.	\$2.15/hour and up
1270	Public Relations Representative	8-5 thru fair	\$2.25/hour

ON - BEYOND THE SCHEDULE

DEPARTMENT OF COMMUNICATIONS & HUMANITIES GOODIES

MUSI:101 Choir

If you can carry a tune and read a part, you can sing in the DMACC chorus made up of students, instructors and people from the community. There are two sessions of the choir scheduled and it is worth 1 credit hour.

DRAM:199 Classic Theatre The Humanities in Drama

A first for DMACC—a 3-hour college credit course offered in conjunction with Channel 11 Television. Starting September 25, the students will watch British produced plays on television at home and then attend a 2-hour class on alternating Saturday mornings on campus to discuss the plays with Ruth Ann Gaines.

SPCH: 104 Persuasion

For students who have taken Speech 101 and enjoyed the relaxed, conversational, supportive climate, there is an opportunity to move on and learn more about the logic and psychology of persuasion.

ENGL:100 Library Instruction

A 1-hour college credit course that shows you how to find the information you need for the papers you'll be writing, the speeches you'll be making, the arguments you'll be winning. The class will meet from 11 till 12 on Thursday under the direction of Diane Lynch.

COOP ED:201 Career Planning

When you make your career decisions, you'll be wise to match your capabilities with market potential. This course provides the opportunity to explore yourself and make some practical decisions about goals and jobs. Check the schedule and see Eldon Bergstrom.

PHIL:101 Introduction to Philosophy

Philosophy is an invitation to wonder, to think, to question, to speculate and reason—perhaps even to fantasize. Philosophy is for those who are willing to be disturbed with a creative disturbance. Ole Jorgenson has four sections on the schedule.

ENGL:206 Effective Learning

Need a little extra help on how to tackle all college courses? This class will aid in listening, note-taking, reading, vocabulary and writing skills. Becky Ellefson is the instructor.

URBAN CAMPUS BELL—RINGERS

FORL:104 Elementary Spanish

It won't take you long to hablando espanol if you join Mari Gooding on Tuesday and Thursday evenings. The emphasis will be on speaking and understanding with a sampling of Spanish culture and

HMSR:202 Human Services Observation and Study

Begin evaluating agencies that can help people who need counseling, assistance, health treatment. Find out which agencies you might like to work for. Join Frank Anderson's class at the Urban Center on Tuesday afternoons.

EDUC:199 Helping Children Learn

This special topics class is incorrectly listed on the schedule. Jane Roberts will conduct the class on Mondays and Wednesdays from 1 till 2:30.

Algebra

Need some math but fear algebra? Take the whole sequence at the Urban Center where there are small classes, lots of personal attention and meetings only twice a week. Sarah Christiansen likes all kinds of math students, good or poor.

DEPARTMENT OF MATH AND SCIENCE SPECIALS

CHEM: Changes in the sequence

Survey of Chemistry (101) is primarily for students wanting a terminal chemistry course. It is no longer a prerequisite to General Chemistry (102), a course which will improve your background, ready you for advanced courses or prepare you for your career program. CHEM:109-110 is Organic Chemistry and will satisfy the needs of ag, home ec and chemistry majors. CHEM:111, the third quarter class, is more detailed and planned primarily for science majors.

BIOL:105 Biology of Lower Plants

Do you want to understand the algae, fungi, liverworts and mosses that grow in your aquarium? BIOL:105 with Barb Eastwood and plants from the new greenhouse in Bldg. 32 will clue you in on what plants are really like.

PHYS:110 Man and Energy

Are you being ripped off by the oil companies? Is nuclear power safe? Can solar energy help? Man and Energy will give you facts about the energy crisis that you'll need to make intelligent decisions.

MATH:104 Finite Math

Not for science or math majors, but for folks who want to top off their math studies, apply it to business and take care of math requirements for liberal arts.

DEPARTMENT OF SOCIAL AND BEHAVIORAL SCIENCES HEADLINERS

HIST:104 U.S. Beginning to 1840

THIS COURSE IS NOT LISTED ON THE REGULAR SCHEDULE

9:00 a.m. M-T-Th-F
Much of what you hear on television about the Bi-Centennial celebration is, unfortunately, myth. For the real facts join Dave Palmer in HIST:104.

HIST:114 History of Russia to 1917

Talk about violence, the tsars and their pals had a number of tricks even late night television wouldn't dare display. Judy Hyde will instruct this class through 12 centuries of Russia's past that will give you insight to the Soviet of today.

PSYCH:105 Social Psychology

Every person has to deal with loneliness, conformity, courtship, the Randtriever, and other annoyances of life. Maybe an attitude change would be helpful. You can find out how to accomplish that in Social Psychology with Don Kaesser.

Books to buy

Students and staff looking for text books, leisure time reading, magazine subscriptions, school novelties, art and note-taking supplies, and even gifts to send back home will find what they need at The Knowledge Knook, the college bookstore in Bldg. 25.

There is a 20% discount on all art supplies and a 10% discount on other supplies.

Joe Morr, manager, suggests that students buy only required texts before they have had a chance to attend class and decide whether it is worthwhile to also buy the recommended books, because those marked "recommended" cannot be sold back to the bookstore.

... or borrow

Over 40,000 books, 600 periodicals, 15 newspapers, plus audio-visual materials are available in the school library located in Bldg. 24. All that is required for checking out materials is a validated ID card.

The library hours are 7:30 a.m. to 10:00 p.m. Monday through Thursday and from 7:30 to 4:30 p.m. on Friday. If you need help locating any material, the library staff is at your service.

An interesting feature of the library is its Randtriever system. Books are automatically stored and retrieved by coded numbers. The card catalogue contains a Randtriever number for each book. The books are retrieved by punching the numbers at the console.

There are only five Randtrivers in libraries throughout the world.

An interdisciplinary course staffed by instructors from psychology, sociology, biology, nursing and counseling. It will give definitive and precise facts about the nature of human sexuality and functioning.

Human Services

A career in this field involves working with children, senior citizens, emotionally disturbed.... all sorts of people who need special help. Explore the opportunities for helping others. Talk to Roslea Johnson about the A.A. degree in Human Services.

FALL 1975 REGISTRATION

DES MOINES AREA COMMUNITY COLLEGE

ADMISSIONS: ALL NEW STUDENTS must complete an application form.

FULL-TIME STUDENTS--A student planning to register for 12 or more credit hours must be accepted before they register. Contact the Admissions Office for additional information (964-6241).
PART-TIME STUDENTS--A student planning to register for 11 credit hours or less may register by filing only an application form. A TENTATIVE SCHEDULE FORM IS ATTACHED ON THE LAST PAGE: TO BE USED AS A WORKING COPY.

ADVISING: FULL-TIME STUDENTS (12 CREDIT HOURS OR MORE)--Full-time students must have their schedules approved by an advisor or counselor. The Counseling Centers are available for appointments by calling 964-6378 or 964-6246 on the Ankeny Campus and at the Urban Center (244-4226).

PART-TIME STUDENTS (11 CREDITS OR LESS)--Although an advisor's or counselor's approval is not required, counselors are available should a student need help in selecting classes.

ORIENTATION-NEW STUDENTS--All new students should attend an orientation session to gain information about college life, services, and regulations. Contact the Admissions Office for information (964-6241).

BABY SITTING: Limited baby sitting facilities are available on a pre-arranged basis during both day and evening classes. Further information concerning these services can be obtained from the Child Care Program, phone 964-6238.

CALENDAR--FALL QUARTER 1975

URBAN CENTER: Sept. 8 - 1:00-4:00 P.M.
ANKENY CAMPUS: Arts & Sciences Students - Bldg. 25, Rm. 2503
AUGUST 12: RETURNING ARTS & SCIENCE & ADVANCED REGISTRATION.
 Last name beginning with:

 D-E-F..... 2:15- 3:00 P.M.
 G-H-I-J..... 3:00- 4:10 P.M.

NOTE: Students may register any time AFTER their scheduled period.

AUGUST 13: RETURNING ARTS & SCIENCES & ADVANCED REGISTRATION..... 1:00- 7:30 P.M.
AUG. 25-SEPT. 3: NEW ARTS & SCIENCES-AS SCHEDULED 12:30- 4:30 P.M.
SEPT. 4 & 5: TELEPHONE REGISTRATION..... 12:00- 7:30 P.M.
 (Part-time Arts & Sciences Only)
SEPT. 9: OPEN REGISTRATION..... 11:00- 8:00 P.M.
SEPT. 10: LATE REGISTRATION
 8:30 - 12:00 & 1:00- 4:30 & 5:45- 8:00 P.M.
SEPT. 11,12,15: LATE REGISTRATION (BLDG. 3)
 8:30 - 12:00 & 1:00- 4:30 & 5:45- 7:30 P.M.
SEPT. 16: LATE REGISTRATION (BLDG. 3)
 8:30-12:00 & 1:00- 4:30 P.M.

SEPT. 10 - Classes begin
SEPT. 16 - Last day to add a class
OCT. 17 - Mid-term
NOV. 18 - Last day to drop
NOV. 26 - Last day of classes

FINANCIAL AID: If you anticipate difficulty in payment of fees, contact the Financial Aid Office (964-6282) as early as possible prior to registration. AGENCY FUNDED students must have signed Fee Authorization Payment forms in order to complete registration.

REFUND POLICY: Tuition refunds are computed according to the date drops or withdrawals are filed in the Registrar's Office, using the following schedule:

Sept. 10 - 16	80% tuition refund
Sept. 17 - 23	60% tuition refund
Sept. 24 - 30	40% tuition refund
Oct. 1 - 7	20% tuition refund

VETERANS INFORMATION: Information concerning Veterans' Educational Benefits is available by contacting 964-6237 or 964-6212. Veterans Administration will consider:

12 credits or more	Full-time
9 to 11 credits	3/4 Time
6 to 8 credits	1/2 Time

Please contact the Veterans Affairs Office if your credit load is different from last quarter.

FEES: Tuition - \$ 13.00 per credit hour
\$135.00 - 11 - 18 credits

PARKING FEE: The parking fee of \$3.00 provides a parking permit good through Summer Quarter, 1976. There is a 50c charge for each additional vehicle to be registered (this includes motorcycles).

Fees: \$25.00 Admissions (one time only)
10.00 Graduation (one time only)
7.50 Activity (all students carrying 12 or more credits)
.60 Activity per credit (11 credits or less)
3.00 Parking fee first vehicle; 50c each additional vehicle.
5.00 Late registration
2.00 I.D. Card (new students only)

REGISTRATION: Students complete registration in Bldg. 25. New students need the following information: 1) Social Security Number, 2) Place of birth, 3) License numbers of all vehicles to be driven on campus, 4) Permanent address and college living address with zip codes and telephone numbers, and 5) Family educational and financial background.

TELEPHONE REGISTRATION: Part-time (11 credits or less) students who wish to register for classes by phone may do so by calling 964-6611 on September 4 and 5 between noon and 7:30 P.M. Payment for classes must be received in the Registrar's Office by September 12 in order for classes to be reserved.

DEFINITION OF CODES: BEFORE SELECTING YOUR COURSE(S), PLEASE READ THE FOLLOWING:

- P** Course for which a prerequisite is required. For example, you may not enroll in BSAD-105 P-Principles of Accounting II until you have received a passing grade in BSAD-103 Principles of Accounting I.
- L** A \$5.00 lab fee will be assessed this course.
- PL** Prerequisite required - a \$5.00 lab fee required.
- A** College Adaptor course. Up to six hours may apply toward an Associate Degree, but not for core requirements.
- Identifies evening and Saturday courses.
- UC** Before the room number, indicates all classes held at the Urban Center.

Many services available to DMACC students

COMPREHENSIVE LEARNING CENTER

DMACC Comprehensive Learning Center (CLC) is a special learning facility that provides individualized instruction in areas such as communication skills, mathematics, sciences, reading, and basic study skills. Persons may come to the center to complete their high school education, prepare to enter levels of higher education, or begin their education again at any level of proficiency.

The center is designed to diagnose academic problems and eradicate the problems through individualized instruction, tutoring, and counseling. As students enter they receive a personal interview along with a series of diagnostic tests from professional staff members. A student selected program is designed to fit the student's individual interests and needs. With a background of basic knowledge, skills and/or concepts obtained in the CLC, a student can become an active participant in regular classes, seminars or independent studies.

All services are free to full-time students, but part-time students pay a fee of \$15.00 a course.

More information can be obtained at the CLC located in 2408.

HEALTH SERVICES

Many free health services are available on campus to students, staff, and visitors. The person to see is nurse Peggy Rooney, in Bldg. 2450.

There you can find first aid, care for illness or injury, allergy injections, over-the-counter medicines, assistance for unplanned pregnancy, and counseling and referral for chronic health problems.

Also available are pamphlets on various health concerns, emergency medical information cards, membership in weight control clubs, and cards worth a 10% discount at both Walgreen Drug Stores in Ankeny.

Another service is counseling for living problems and for learning difficulties caused by health.

Money for long-range educational goals and short-term loans for emergencies are concerns of the Financial Aid Office in Bldg. 3, Room 323B.

Students may apply for several federal grant and loan programs, for some local scholarships, and for the work study program.

The emergency loan fund is available for small, short-term loans.

During the 1974-75 school year the DMACC Foundation collected more than \$35,000 for student grants and more than \$24,000 for the emergency loan fund. The Knowledge Knook (book store) was the largest contributor, donating \$10,000 from profits to the emergency loan fund, and \$8,000 for graduate grants.

CAREER INFORMATION CENTER

The Career Information Center located in 2420G makes available to students

information concerning possible careers, other colleges, jobs, job finding techniques, and a variety of other areas.

The center is a walk-in "do-it-yourself" service, but counseling assistance is available for those requesting such help.

This center is an attempt to enrich the college experience for students, and to help them effectively plan their college and career future.

JOB PLACEMENT

Free job placement services are available in Bldg. 24, Room 20F to graduates looking for career positions and to currently enrolled students desiring a part-time job.

A complete credentials service is offered for alumni and graduates, plus follow-up after graduation.

Office hours are from 8:00 a.m. to 5:00 p.m., Monday through Friday.

**DMACC takes
3 awards at
VICA nationals**

By Judy Starlin

Eleven DMACC students qualified for the Vocational and Industrial Clubs of America national competition, but only five were able to participate in the nationals. Of those five participants, three won national honors.

Marita Marshall, Des Moines, took second place in the commercial art division; Cathy Warren, Des Moines, received a third place award in the commercial food division; and Tim Meyer, Granger, captured third place in machine shop.

These presentations were made at the recent National competition for the United States VICA Skill Olympics at Washington, D. C.

The DMACC students were accompanied by Dick Seliger, instructor of Tool and Die, and By Delores Johnson, program chairman of the Commercial Art department.

The expense money for the entry fees and meals came from Student Senate—\$43— and from the raffle of a police scanner and the sale of coasters and drill point gauges at the Tool and Die departmental open house.

WANTED: girls who were high school cheerleaders interested in cheering for a semi-professional football team this fall. Outfits will be furnished. Your only expense will be travel. Call Barb Post after 5 p.m. daily at 964-5144. Must have immediate response.

New programs started at DMACC

New career programs at Des Moines Area Community College this fall include plant maintenance specialist and legal assistant.

Students in the plant maintenance specialist program will study for four quarters. The curriculum will cover all phases of general plant maintenance from equipment installation to repair.

Graduates should be able to do logical troubleshooting and repair in electrical, mechanical, hydraulic and pneumatic mechanisms. Other skills would be in machining operations, lubrication and

welding.

Legal assistant is a paraprofessional program that carries an associate degree. A graduate of the program may serve the needs of a client which can be performed by a trained non-lawyer assistant working under the direction of an attorney.

Graduates will have the choice of working in the law profession or transferring their credits for further study.

In addition to the new programs, the following programs are still open to new students for the fall quarter, according to Admissions Director Jim Frazee: auto parts specialist, all the secretarial-clerical programs

including executive and legal secretary, fashion merchandising, industrial marketing, retail merchandising, medical assistant, culinary arts and welding.

Boone Campus

New on the Boone campus of Des Moines Area Community College this fall will be a four-quarter career education program, bookkeeping and accounting.

The diploma program prepares students to work in many areas of business upon graduation. Some possibilities are: general ledger clerk, payroll clerk, accounts

receivable or payable ledger clerks, assistant bookkeeper, inventory clerk or general office clerk.

The program has been popular on the Ankeny campus since it started in 1968. Superintendent Paul Lowery states that expanding it to the Boone campus will enable students in that area to take it while remaining closer to home if they so desire.

Three quarters of study are in the classroom after which students spend the final quarter in work experience off campus.

Placement statistics reveal that all graduates who want jobs in the field are placed.

Car pools set up

Student Activities provides information on car pools. Data is collected to provide a match between those willing to drive and those people needing rides.

A questionnaire is filled out, which includes such information as name, address, phone number, direct route to school, and arrival and departure times. Interested parties can find out who is available and contact them.

The service is free to students and staff. For more information, call 964-6332 or stop by the Student Activities Office, Bldg. 3, Room 323A.

FOUND: 1 pair prescription glasses near Bldg. 4 June 20. Contact Connie, extension 332.

FOUND: Pair of men's sun glasses near baseball diamond, July 30, 1975. Contact Connie extension 332.

WANTED: 1 or 2 men, high school or DMACC faculty members, to share 3 bedroom mobile home with owner. Call 964-2521 after 5 p.m.

**Student rights explained
Files are open**

Students enrolled in public schools in Iowa are protected by a Family Education Rights and Privacy Act, passed in 1974. Full copies of the Act may be purchased in the Registrar's office for 50 cents. The following is a summarization of the Act.

1. Students have the right to inspect and review their educational records. (DMACC will grant your students' rights to inspect educational records within 45 days of the request.)

2. Students do not have the right to inspect confidential letters and statements of recommendation which were placed in their education records prior to January 1, 1975, nor to confidential recommendations (for which they have signed a waiver) in respect to admissions, application for employment or receipt of an honorary recognition.

3. Students have the right to a hearing to challenge the content of their educational records in respect to the accuracy of such records, in respect as to whether the records are misleading or constitute a violation of their privacy or other rights.

4. The hearing shall provide the student an opportunity for

the correction or deletion of inaccurate, misleading or inappropriate data and shall provide the student the opportunity to insert in the records a written explanation of the contents of the records.

5. Except as provided for within the Act, personally identifiable information about students cannot be released without their written consent. The College may release directory information without written consent unless a student has specifically requested that such information be not released.

6. The College will maintain a record of access to students' educational records. This record is accessible only to the student and the staff in the Registrar's office, or as provided for in the Act. The record of access will not carry access to educational records by officials at DMACC who have a legitimate education interest.

7. Students may request and receive copies of all or part of educational records. (There is a charge of 10 cents per sheet copied.)

8. Students have the right to request and receive a response that will explain or interpret their educational records.

JOB HUNTER'S GUIDE

It could be the best investment of your lifetime. It is a complete program designed to get you a high paying job fast. You'll get our expertise on the following:

- Locating & selecting employers
- Making initial contact
- Covering letters (with examples)
- The resume (with examples)
- The interview (including the 30 most asked questions)
- What to do following the interview
- Example follow-up letters
- How to get a good salary
- AND MORE!

Gain an edge over the competition for the best jobs with "Job Hunter's Guide." Complete the form below, and send it to **NRS** with \$5.95.

JUST ACROSS THE ROAD

EXPRESSIONS

Have a Heart

Hey people! Were you ever so sure and confident of something only to find out you were mistaken? I was. Did you ever take someone so for granted and realize it was too late? I did. Were you ever so sorry to see someone go, leaving you behind for someone else? I was.

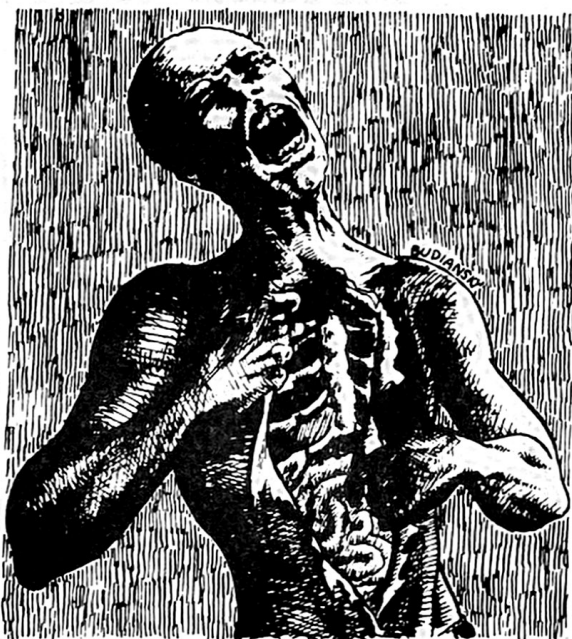

You

You can go on ignoring someone or taking advantage of someone just so long before they can't take it anymore, and when it happens, no matter how much you deserve it, it's a heartbreaking awakening. Believe me, I know. You go along really enjoying the undivided attention, confident that he or she will always be there with an unending and over-abundant supply of love, affection, and attention. Then so suddenly and unexpectedly it's gone--and rightfully so! Who are you and what right do you have mistreating and using other

another person so badly. It serves you right when almost immediately they find someone else who will and does appreciate them. That doesn't make it any easier on you, but you must remember you had your chance. I know I did, and I blew it. I learned the hard way to appreciate the truly good and wonderful people and things in life. Daily, I regret the pain I caused, and remember the joy we could have had together.

Please people, learn from my mistakes! Think about the other person for a change. They have feelings and needs just like you. They can go on giving and not receiving just so long. If you can't return their feeling, don't lead them on letting them think you care. Have a heart, and grow up before it's too late. In the end, the heart you save could be your own.

Jill McCarty

In the harsh, bright, terrible light of realization, I cry. Cry, because I realize the dream is over, that the evening of our love is upon us, that we must part.

In the twilight of our memory, should we meet once more, we shall love once again, and you shall sing to me a deeper song. And, if once again, our hands, our hearts should meet, we will, once more, build our tower in the sky.

Gary L. Hollinger

Speed Freak

Trapped in the fright of an endless day
The night-side piper wildly plays
The tune of misty curling hate
And dreams that came too late.

Ask him why he lifts his tune
Neath the sun of a burning noon
To fry the thoughts out of his head
Like molten streams of lead.

Ask the man just what it means
When your soul is sold to methedrine
And the crystal rips your guts apart
To the hammer throb of your heart.

Tripped-out, crisped-out, slowly dying
Watching life force from him flying
Upward, outward, to the ozone
Leaves him empty, shell-like, alone.

No one cares for dreams to follow
When the mind is frozen, hollow.
Who will care for sister, brother?
Let alone any other.

No one gives a damn for knowing
Who we are or where we're going
And when it's over who will care
That we were even here.

Doug Ganfield

REVIEW... REVIEW..

'The Wind and the Lion'

By Rick Chapman

"... all gods dead, all wars fought, all faiths in man shaken." F. Scott Fitzgerald's gloomy portrait of the Jazz Age was prophetic in many ways. Now after the confrontations of the 60's, even more than in the years following the depression and W. W. II, Americans crave an affirmation of the individual. We want a hero. Intellectually, we may demand "Everyman"—a modern anti-hero plagued by the same limitations we recognize in ourselves and our world; but emotionally, we frequently yearn, childlike, for a HERO—a symbol of what we would be, not a reflection of what we are. John Milius, writer and director of "The Wind and the Lion," recognizes and satisfies that common need.

Milius' story occurs in North Africa about the turn of the century. Raisuli (Sean Connery), Sheriff of the Berbers, kidnaps a beautiful American woman (Candace Bergen) and her children. He takes them to his desert Bergen) and her children. He takes them to his desert castle and demands their ransom. President Theodore Roosevelt (Brian Keith), outraged, threatens the Moroccan government: "Mrs. Pecadoris alive, or Raisuli dead." "Big stick" diplomacy dispatches the U.S. Navy and the Marines. Betrayals, fights, skirmishes, duels even battles follow.

Other reviews of this film have appraised the acting—it's more than adequate—many viewers will find it memorable. Sean Connery's bravado as Raisuli is engaging—both as a fascinating character and as a self-paody of the "Bonded" hero. Unlike James B., the Raisuli's heroism comes from within, not from gismos and karate. Candace Bergen is strong as the self-reliant but

naive Mrs. Pecadoris. Brian Keith is a welcome stranger. He's not "Unca-Bill" of "Family Affair." He captures the paradoxes of "Teddy" Roosevelt's role well.

Other reviewers of this film have not appraised the film work—it's challenging. Milius demands your involvement. The opening sequence is dizzying. The lack of establishing shots, at least initially, forces you to enter the sea shore and be swept up in Raisuli's raid. The panoramic shots, desert silhouettes and superimposures may be too reminiscent of David Lean but work well in creating the dreamlike hero-worship of Mrs. Pecadoris' son for the Raisuli. Milius handles film rhythms adroitly, especially within sequences. Violence is well edited: frequently lyrical, sometimes gut-rending, Milius apparently owes a debt to Sam Peckinpah.

For lovers of spectacle there is lavish pomp and circumstance. For lovers of lovers—this film is mis-marketed, or billed wrong: it is NOT a LOVE STORY! Connery is not Valentino, nor is his role sheik of the sands. Still through him the film raises a potent question: are there any heroes left? Or must we seek supermen only in fantasies?

On a somewhat different note, film fans can answer "What's funny?" and get three humanities credits this fall by enrolling in LITR:111: Motion Picture Structure and Analysis—A Look at American Film Comedy. We'll begin with silent film slapstick and end with recent social satires like "M*A*S*H." In order to view and discuss full length films, the course meets for two hours, Tuesday-Thursday 11-1 p.m., in room 3125B. See bulletin board for sample Syllabus.

Cafeteria is open 7 a.m. to 3 p.m.

For breakfast, lunch, or coffee breaks, the place to come is the cafeteria in Bldg. 25, Room 2505.

The schedule is breakfast 7:00 to 9:00, lunch 10:45 to 1:00, closed at 3:00.

Menus are posted on campus bulletin boards, and \$5.00 meal tickets may be purchased from a cashier.

Coffee, punch, and cake can be served in the cafeteria or the executive dining room for special occasions. Arrangements must be made with Bev Longnecker, supervisor.

Battani, Beltrame win golf tourney

Stella Battani and Dave Beltrame won top honors from a field of 30 participants at the Intramural Golf Tournament held at Woodside Golf Course August 2.

Battani won the women's division, and Beltrame took first in the men's. Both received \$10 certificates from the Sportsman in Ankeny.

Second place and a \$5 dollar certificate went to Martha Pestonik in the women's and to Ken Farmer and David Ceretti, a tie in the men's.

Certificates of \$7.50 went to the first place winners in each of the men's flights, and \$5 to the 2nd place winners. Gale Gilbert won 1st in the first flight and Jack Asby won 2nd. Bob Anderson took 1st and Jim Willardson took 2nd in the second flight.

All contestants received a golf ball as a participation prize.
